The latest releases from manufacturers

## POWER SWEEPER

Tennant Company has upgraded its 6500 Power Sweeper with user-friendly and brush-saving features. This mid-sized floor sweeper can be used inside or outside and cleans a variety of surfaces, from smooth cement to rough cobblestone.

Circle fast action no. 111

## CHEMICALS

EnviroX L.L.C. received a US patent covering formulas and methods of use for H2Orange2. The hydrogen-peroxide based multi-purpose cleaner/degreaser/sanitizer/virucide prevents odors, cleans tile, grout, carpets and glass.

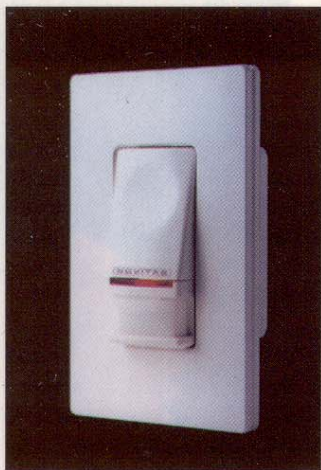

Circle fast action no. 112

## URINE AND ODOR ELIMINATOR

Core Products offers Unbelievable! Pet Urine & Odor Eliminator. This professional strength stain remover uses natural enzyme action to safely remove tough pet stains. Odor neutralizing agents penetrate the padding and sub-floor where the problem lies, biologically breaking down organisms and eliminating unwanted odors.

Circle fast action no. 115

## WALL SWITCH

Novitas introduces SuperSwitch 2, the next generation in automatic wall switches. Using passive infrared technology to detect occupancy, SuperSwitch 2 automatically turns lights off when a room is vacated, and adjusts itself to make sure lights stay on when someone is in the room.

Circle fast action no. 116

## SABER GLIDE

Windsor Industries offers Saber Glide, a 28-inch rider scrubber. Its compact and maneuverable design enables it to fit through a 36-inch doorway without removing any parts. Its tight 66-inch turning radius allows tight turning for cleaning in tight, congested areas.

Circle fast action no. 117

## CLEANING AGENT

Splash Chemicals Inc. offers Splash Clean, a biodegradable, environmentally friendly cleaning agent. This clear and odorless product is safe on any surface.

Circle fast action no. 118
