FROM**

***EnviroX***

*Home of*

P.O. Box 2327 1938 E. Fairchild Danville, Illinois 61834 800-281-9604 fax: 217-442-2568 www.H2Orange2.com

**It's official!**

**H<sub>2</sub>ORANGE<sub>2</sub> CARPET COMPLETE™ and QUICK-SPOT™  
are approved products  
by Collins & Aikman / Tandus Group.**

This endorsement adds to the growing list of other carpet mills approving and recommending the use of EnviroX products on their carpets.

Attached is the approval letter from Tandus, in which both products are named for use on C&A Powerbond and Tandus Group (Monterey & Crossley) carpets. The memo notes that both products can be used on any of the company's floorcoverings, and can be used with any of the company's approved cleaning equipment for both hot water extraction and low moisture cleaning.

**DATE:** 11/21/03

**TO:** Whom it may concern

**FROM:** C&A / Tandus Technical Services

**SUBJECT:** Approved Cleaning Solution

Please be advised that Envirox's Carpet Complete concentrate along with Envirox's Quick-Spot Ready-To-Use spot cleaner have been evaluated and approved for use on C&A Powerbond and Tandus Group (Monterey & Crossley) carpets.

We have found that these products may be used on any of our floorcoverings without damaging the floorcovering. The products also leave little residue, which is not sticky or slick, after cleaning. Envirox has proven itself as a willing partner to help serve our mutual clients by providing state of the art chemistry that works well with all types of C&A / Tandus Approved Cleaning Equipment.

C&A / Tandus looks forward to working with Envirox and its affiliates to help serve our customer's soft-surface floorcovering maintenance needs.

Best Regards,
